

## FOREMAN OF BLASTING CREW IS INJURED

SUSTAINS COMPOUND FRACTURE  
OF LEG IN FALLING FROM  
STOPE.

Al Haag, foreman of the blasting crew at the Mizpah mine, fell down a stope shortly after 1 o'clock this morning and sustained a compound fracture of the left leg. Haag was engaged in his duties of blasting, along with his fellow workers, and was preparing to split some fuses in a stope above the 500-foot level. In some unaccountable manner his foot slipped and he fell a distance of about ten feet, upon a pile of rocks below.

Assistant Superintendent J. M. Fox was notified and in turn called Dr. P. D. McLeod. Haag, on being brought to the surface, was removed to the Miners' Union hospital, where he will be a patient for several weeks. The fracture is just above the ankle and is exceedingly painful.

When the report first reached the surface at the mine, it was understood that one of the blasting crew had been injured by a blast, and the true nature of the accident was not known until the cage brought Haag to the top.

The injured man is one of the best known miners in Tonopah and has resided here for a number of years. It will be taken as gratifying information that he was not injured by a blast, for the consequences then would probably have been a great deal more serious.

## RAVIOLA CLUB GIVE A BANQUET LAST EVENING

SPEECHES, SONGS AND STORIES  
AID TO PASS THE TIME  
AWAY.

The Raviola club, a recently formed organization, met last evening at the La Tourina and engaged in a feed of raviolas that did not terminate for several hours. Unlike the late democratic banquet, the festive board contained edibles that were good to eat, and the way the bunch tackled the "foot juice," caused the proprietress considerable alarm. Of course, there were speeches between the courses, and songs, with a few stories sandwiched in. Chris Malatsta was to have officiated as toastmaster, but having taken an early start in devouring the raviolas, he left before the banquet was over, bearing a huge platter of the delicious delicacies, and later was discovered sitting on the curbstone, several blocks up the street, eating away to his heart's content.

But to return to the supper, Jim Hayward modestly accepted the position of master of ceremonies, and started to make the opening address. It sounded something like this: "Gentlemen," cheers and cries of "rotten." Then came a fresh start with the same result. After a half dozen trials, he gave up in disgust. He was followed by Charlie Enquist, who wanted to tell a story. This was the way he started: "One time dere ban a big faller," and, strange to say, that is where it ended.

Lowell Daniels attempted to entertain the gathering by giving an impersonation of a skirt dance, but was finally persuaded to stop, when he received several loaves of bread and raviolas that he had not ordered. This practically broke up the program, but not the party, and in order to make amends the crowd serenaded the cook. After that all was lovely, including the lady cook, and when Walter Drysdale attempted to engage her in conversation he was aided by the banqueters, singing, "For he is a jolly good fellow."

The party ended when Con Flesher recited, "Two Gin Fizzes for Pew 16." The following constituted the raviola fests: Beans Merten, H. H. Bacon, Frank Ward, Lowell Daniels, A. M. Tatro, W. H. Bohanan, Frank Pittman, Chris Malatsta, Pete Hertel, James Hayward Dr. J. C. Cowden, Thomas D. Rodgers, Sam Haas, Vail Pittman, P. C. Flesher, Walter Drysdale, Chas. J. Enquist, W. H. Fording, and Kenneth J. Booth.

The dinner was served under the supervision of Mrs. Carrie Roletto, proprietress of the La Tourina.

## ELKS ARE BUSY PREPARING BIG FEED FOR THE DANCE

THIRD ANNUAL BALL WILL BE  
FOLLOWED BY GREAT BIG  
EAT.

The most talked about affair in Tonopah circles these days is the third annual ball to be given by the local lodge of Elks next Saturday evening. Everybody knows what to expect when the members of the antlered tribe announce one of their annuals. It is expected that the best people in town will be there; that the decorations will be first class; that the music will be the best that can be procured, and that the arrangements for the comfort and pleasure of guests will be complete.

And, from what has come to the knowledge of this reporter, all these expectations—and then some—will be realized at the forthcoming function.

Heretofore the Elk annuals have consisted of a grand ball. This time a banquet will be added, and if the menu that will be provided at the lodge room does not tempt the fortunate possessor of an invitation to go directly to Prouty's and get his ticket, then he must certainly be a fastidious individual or one who ought to go on a Battle Creek diet. Caterer Kelly has been given carte blanc in the matter of the spread. The menu below may not appeal to gouty or diabetic persons, but it certainly will to those who are able to enjoy good things to eat and drink.

## EXPRESSMAN WHO DREW KNIFE IS PARDONED

S. J. STEWART IS GRANTED SUS-  
PENSION OF COLLECTION  
OF FINE.

Tuesday Governor Dickerson signed a suspension of collection of fine in the case of S. J. Stewart, the local expressman, who is serving a sentence in the county jail, having been found guilty of assault. A petition was presented to the state's chief executive, containing the signatures of Judge H. H. Atkinson, Chief of Police Malley, District Attorney Cleve H. Baker, County Commissioners Sam F. Lindsey and W. T. Cuddy, and a number of other prominent citizens. The petition stated that Jackson's family was destitute, since his support had been withdrawn.

The suspension is expected to arrive here on this morning's train and Jackson will accordingly be released this afternoon.

## STRONG LEDGES ARE PROSPECTED IN GARNET DISTRICT

AYERILL, CUTTING AND STEW-  
ART WORKING GROUP OF  
666 CLAIMS.

Judge Mark A. Ayerill, who visited the Garnet mining district, near Luning, Tuesday, in company with two mining engineers from Arizona and A. L. Stewart, returned to this city late Tuesday night. Judge Ayerill, with Henry C. Cutting and A. L. Stewart secured six claims in the district several years ago but since then the party have purchased and located additional claims until at the present time they own all the mining ground in the Garnet basin, with the exception of four claims owned by Chandler and Dunwoody, and a few on the outside of the district.

The principal work of late has been in developing and prospecting three copper ledges. The north ledge has been exposed for over 200 feet in width, the middle vein proving to be 100 feet wide and the south vein, which is of copper porphyry, showing a width of 100 feet, and carrying gold, silver and lead. The group also contains five veins varying in width up to twenty feet and carrying lead and silver.

Assays have been received from the lead and silver veins as high as 1,200 ounces in silver to the ton. The veins, however, will average around \$12 to \$40. The copper averages from one to forty percent per ton. The ledges have not been prospected to a great depth, but their strength on the surface is sufficient to determine that something exists below. A force of men has been kept at work continually for the past several years, and it is possible that important developments will be made within a short time.

### MORE TEAMS ARE ENGAGED IN FREIGHTING

J. N. Tedford arrived in Eureka Thursday from Tonopah with two ten-animal teams and a number of wagons. He secured enough freight on Friday from Merchants in Eureka to load one of his teams at Palisade for this place. After he has made one trip over the road and observes conditions along the route, he states he will then be prepared to make a statement regarding regular trips with his two teams between the two places and make a freight rate. —Eureka Sentinel.

## GOLD BULLION FROM MANHATTAN SENT TO MINT

FIVE BARS VALUED AT \$26,000  
ARRIVE FROM NORTHERN  
CAMP.

Tuesday morning a shipment, consisting of five bars of bullion, left the vaults of the Tonopah Banking corporation, where it had reposed over night, and was consigned to the branch mint at Carson. The bullion was valued at \$26,000 and represented the savings, as caught on the plates of the Peterson mill at Manhattan, of eighty-five tons of ore. The ore came from the McAnich lease on the Big Four claim in the northern camp, and was extracted from a depth of 130 feet. Three partners in the lease accompanied the bullion to Carson.

This did not represent the total cleanup for a goodly portion of the values were caught in the cyanide precipitates, which will be treated later, and which is expected to bring the value per ton to a figure over \$350 to the ton.
